

MEET THE SUEDED COLLECTION

The softest tees in the industry. *Seriously.* Our Sueded collection is one of our premium blank lines with ultra soft texture that feels like velvet. With a unique brushed finish, it's easily one of our softest t-shirt that feels as cozy as a flannel, but doesn't pill like one. And perhaps the best part? It's softness doesn't fade after every wash, instead it gets increasingly softer, creating a lived-in feel and comfort.
