

UpCYCLING™

To a Second Life!

Sustainability Where It Matters

What is UpCycling? Garyline® is the first to offer this New 100% Post-Consumer Recycled material to the promo market. Diverting materials from the waste stream and recycling to create a product of higher quality and value than the original. Join us as we work toward an Eco-Responsible Future!

Single-Use Containers are given a Second Life as Reusable Sports Bottles that can be continually refilled which will divert hundreds more disposable bottles from landfills.

Here's How It Works!

Single-use PET & HDPE materials are reclaimed from municipal recycling centers

Containers are sorted, shredded and sanitized to meet FDA compliance

UpCycling™ to a Second Life

Materials are Made into 100% Post-Consumer Recycled rPET or rHDPE

Good News! Did you know, as a primary manufacturer, we can custom mold many of our Top Selling Sports Bottles with 100% Post-Consumer Recycled content!
