

BAKERY LABEL OPPORTUNITIES

Your customers love your bakery so make sure you have labels, stickers and decals available for them to help promote, support and share your business. There are many opportunities to keep your brand message visible inside and outside your establishment. Take advantage of window decals to relay messages and advertise using packaging labels and take out stickers to take your brand on the go. Utilize branded safety seals on boxes of baked goods to ensure your customers that their treats are fresh and not tampered with.
