

# Every Day is Earth Day!

## Promote Responsibly with Eco-Friendly Products.

- *Sustainable promotions are a win-win, benefiting both the planet and the bottom line.*
- *Reusable products minimize waste by replacing disposable items.*
- *Choosing items made from renewable or recycled materials is eco-friendly!*

**Earth Day is April 22nd!** Reusable, renewable, and recycled products are the perfect way to celebrate sustainably.

### 32 OZ. ADVENTURE BOTTLE MADE WITH TRITAN™ RENEW FROM EASTMAN

Reusable, dishwasher-safe bottles are molded with Tritan™ ReNew material which contains 50% certified\* post-consumer recycled material.

**RNX32D**  
AS LOW AS:  
**\$4.85**

\*The recycled content is achieved through a mass balance allocation process certified by ISCC.

### 20 OZ. ROADMASTER TUMBLERS

The outer part of these reusable tumblers is molded with 50% post-consumer recycled material. The lid and liner are also made with post-industrial recycled content.

**AC18R**  
AS LOW AS:  
**\$3.49**

\*This material is mostly from single-use water and drink bottle caps. The colors vary widely, so the base color is gray, which limits the finished goods colors.

### THE NATURAL 8 OZ. CANVAS TOTE

Cotton is a renewable resource and very durable, so it can be used and appreciated many times.

**B812CT**  
AS LOW AS:  
**\$3.79**
