

Earth Day Promos

Eco-Friendly Products to Promote Responsibly!

**NEW! 24 OZ. TRAINER UPCYCLE RPET BOTTLE
MOLDED IN 100% POST-CONSUMER
RECYCLED RPET**

UPCYCLING™
To a Second Life!

UpCycling is diverting materials from the waste stream & recycling to create a product of higher value than the original.

RP124
AS LOW AS:
\$1.90

Earth Day is April 22nd! Reusable, renewable, and recycled products are the perfect way to celebrate sustainably.

36 OZ. MOUNTAINEER BOTTLE MADE WITH TRITAN™ RENEW FROM EASTMAN

Reusable, dishwasher-safe bottles are molded with Tritan™ ReNew material which contains 50% certified* post-consumer recycled material.

RNX34D
AS LOW AS:
\$7.15

*The recycled content is achieved through a mass balance allocation process certified by ISCC.

20 OZ. ROADMASTER TUMBLERS

The outer part of these reusable tumblers is molded with 50% post-consumer recycled material. The lid and liner are also made with post-industrial recycled content.

AC18R
AS LOW AS:
\$3.49

*This material is mostly from single-use water and drink bottle caps. The colors vary widely, so the base color is gray, which limits the finished goods colors.

FOLDABLE RPET TOTE BAG

Made from 100% soft 190D post-consumer recycled rPET, this tote is meant to be used over and over, replacing disposable bags and reducing waste!

BRP13
AS LOW AS:
\$2.99
