

CUSTOM BRANDED **ECO-FRIENDLY ITEMS**

Sustainable, Tailor-Made Green Products!

Let us manufacture your sustainable goods using a biopolymer material that is compostable and derived from renewable plant-based sources, yet retains similar properties as conventional plastic items. Enjoy customized products with distinctive shapes, sizes, and colors without any compromise. Choose us for your eco-friendly products - an excellent means to showcase your brand to your environmentally conscious customers.

Certified to be made from renewable plant based resources.
Certified to be compostable to ASTM 6400 and other standards.
